Description	PROFILE 4 PLUS
Model	4 V. 01.00.02
Stock No.	260-1635
Date	JAN 16, 1986

***** PURPOSE *****

Our records indicate that you are the registered owner of PROFILE 4 PLUS. Please be sure that the version number referenced matches your software. Currently, extended math calculations may add one field to another field that contains a math formula even though the first field is not in the formula. To correct this, make the modifications to your software detailed in the PROCEDURE section (below) as soon as possible.

* * THESE PATCHES ARE REQUIRED * *

***** DISCUSSION *****

We at Tandy Corporation recognize the importance of quality control in our software products and this Customer Service Bulletin is one part of our commitment to a program of software quality assurance.

The modifications required will be accomplished by the series of PATCHES listed in the PROCEDURE section. If you are unfamiliar with "PATCHING" your software, please refer to your computer OWNER'S MANUAL for help.

After making these PATCHES your software will be upgraded to VERSION 01.00.03. Be sure to mark this version in your SOFTWARE VERSION LOG. (If your software package does not contain a Software Version Log, ask for one at your Radio Shack Computer Center, Radio Shack Plus Computer Center, or Participating Radio Shack Dealer.)

You may continue to use the 01.00.02 version of PROFILE 4 PLUS; however, please be aware that only the most current version of this software will be supported by Radio Shack personnel.

Please check the front and back of all your software manuals and be sure that all SOFTWARE REGISTRATION CARDS have been mailed to us. This will ensure that you receive notifications about required changes to other packages you own.

Letters will come direct to you when patches or changes are REQUIRED. Other, OPTIONAL patches or changes may be available for your software. Contact your local Radio Shack store for further information about possible optional patches.
