

<DOC>TYMNET,DIALUP-NUMBERS

ATTENTION TYMNET Users:

The following complete list of TYMNET dialup numbers is updated monthly per TYMNET published revisions. Any interim updates are posted on the SUMEX,BBD under NETWORK,TYMNET.

(FEX) = foreign exchange lines. All are available for public usage. Many are multiple-line rotaries in-hunting. Usage of these lines is charged to SUMEX as is all domestic TYMNET usage.

The list also includes international nodes. A prospective user must contact the international carrier for a given node and set up an individual user account to gain international access. The cost for usage of international nodes is borne by the individual user, not SUMEX. For further information call Lori Hubbard/SUMEX at (415) 497-5565 or sndmsg to <HUBBART>.
