Tandberg MODEL 64X

THE ULTIMATE IN BETTER, CLEARER,
— MORE NATURAL SOUND —

Was - \$549.00

Now -
\$399.95

Undeniably, the Model 64X represents the ultimate in Tandberg Tape Recorder superiority. To the last decibel of sound, it defies comparison with any of the finest tape recorders produced anywhere. Carefully designed, painstakingly engineered and beautifully styled, the 64X incorporates every conceivable practical feature requested by musicians, audiophiles, broadcast engineers, educators, writers, professionals, business and industrial leaders . . . for the optimum in magnetic tape recording.

The Tandberg Model 64X features such innovations as a free position turntable action for easy, independent tape threading; a detachable cord and other developments that fulfill all UL requirements; completely automatic tape stop; ease of operation; vertical mounting operation; and true high fidelity at the 3¾ i.p.s. speed with the new bias head.

Electronically, the 64X employs a hysteresis synchronous motor drive; military-type printed circuitry for trouble-free reliability; low noise precision resistors and hermetically sealed tolerance capacitors. The power transformer has special toroid type windings which self-cancel any stray hum-fields. All tubes and components operate at maximum efficiency. Among the featured components you will find: a specially designed FM-MX filter input for direct record of FM Multiplex Stereocasts; 2 recording pre-amplifiers and 2 playback pre-amplifiers; 3 precisely gapped heads, lamination-to-lamination aligned (vertically and horizontally) with one each for record, playback and selective erase, and a new bias head for better frequency response at all three speeds; no-slur, stop-start pause control; instantaneous record-level reading without compensation; and individual recording controls for each channel.
