or check your local directory for the Moore sales office nearest you.

and refer to this number  
**9350**

Moore has taken the guesswork out of ordering forms for your new MCBA software. There's no need to go through the time and expense of figuring out compatible formats ... Moore has already done that for you!

Designed in cooperation with MCBA, Moore preplanned, ready-to-order computer forms will reduce your initial forms costs and eliminate copy errors, allowing your system to operate economically and error-free. And full compatibility is **guaranteed**.

Moore offers standard formats for every MCBA software application. Many are available off the shelf for immediate shipment. Minimum quantities are low and turnaround is quick.

In this section, you will find:

- A full brochure showing each form that is compatible with your type of software. A brief description of each includes form number and size. All forms are available in a choice of ink and paper colors and paper weights.
- A reference guide that lists the forms that correspond to each MCBA software application and release number. The guide tells you exactly which forms to order for your system.

The forms **recommended** for MCBA software are forms from Moore. And with good reason — Moore is the leader in the design and manufacture of innovative business communications systems, with a reputation for quality and dedication to its customers.

Call Moore today, toll-free ... a professional Moore representative is ready to help you with your order. Moore also offers a wide selection of computer supplies and accessories. To receive a copy of our free catalog, call 1-800-323-6230 (in Illinois call 312-459-0210).

Dear MCBA Software User,

We want you to get the most out of your new MCBA software, from start to finish. That includes making sure your forms fit your system...and that's why we recommend Moore Business Forms for all of our software packages.

We've teamed up with Moore to remove the guesswork from ordering forms. Together, we have developed a full line of preplanned computer forms that are tailor-made for your MCBA software and guaranteed to fit. Moore offers standard formats for every application, including statements, invoices, checks, and a comprehensive array of government forms, designed in cooperation with the U.S. Government. Each is available in a choice of ink and paper colors and paper weights, and can be personalized with your company logo and information.

Enclosed in this packet you will find a color-coded brochure depicting the preplanned continuous forms that are compatible with your type of software, along with a reference guide that tells you exactly which forms to order for your system.

All Moore preplanned forms are ready to order. Simply call this toll-free number:

**1-800-828-7946**

For the fastest service possible, please refer to this number when ordering:

**9350**

Take the worry out of ordering forms for your new MCBA software. Call Moore today!
